

## PARENT TESTIMONIALS

Thanks to Semillas de Unidad my child was able to maintain good grades throughout the pandemic and to this day. The tutors have not only helped with homework but also to fully understand the class work. Thanks to everyone who makes this tutoring program possible.

My family has had the best experience with Semillas. The amount of support my daughter has received the past few years since our commitment to the program is outstanding. I hope Semillas will continue for many years to come!

Semillas has made a significant difference in my childrens lives by providing them with a personalized learning journey guided by caring tutors. These tutors have planted little seeds of wonder, love and patience in my kids. I am immensely grateful to have found such wonderful tutors who contribute to bridging the educational gap in our community.
